*Dear Bob*

*Since our first meeting, when we met to discuss my insurance program, you have made many valuable recommendations to me. I am writing this letter to you to acknowledge the value in which I place the very special service that I can see you provide for doctors.*

*To begin, your insurance, disability and retirement analysis and resulting recommendations were clear, concise and obviously directly a product of a comprehensive understanding of my financial situation and personal concerns. As you know I had your proposals evaluated by a long time friend and financial planner. His opinion was one of high praise for the quality and thoroughness of the plans.*

*What I particularly value Bob is your ongoing concern that I clearly understand how my insurance and retirement program works and your willingness and ability to communicate areas that had previously never been properly explained to me. In addition, you have taken the time to introduce me to quality advisors in other areas of planning that have proven extremely valuable to me and my practice. For that I thank you for your genuine concern. May I say too that the associates to whom I have introduced you, feel the same way as I do. I have no reservation whatsoever in recommending your services. Please do not hesitate to use my name or this letter for reference purposes.*

*Sincerely*

*Dr. Morris Goldfinger, M.D., C.M., FRCP*
