Re: Robert Zinner, B.A.
Medical Staff Association Security Planning Consultant

Dear Harold

This is a letter of recommendation to my Medical Staff colleagues on the service activities of Mr. Robert Zinner who has been our designated Medical Staff Association Security Planning Consultant.

I found his service to be exceedingly helpful. The amount of personal attention and thorough review of my estate planning and retirement benefits were really quite remarkable. He was most patient in listening to my special circumstances and reviewed all aspects of my professional and personal finances. Additionally, he referred me to a tax accountant and an investment planner for very helpful and quite reassuring advice.

It is indeed unfortunate that such a service was not available ten or fifteen years ago as it would have greatly improved the current status of my estate and investment portfolio.

Nevertheless, I would like to thank the Medical Staff Association for providing this valuable service and I would have no hesitation in highly recommending him to any of our colleagues. I am quite confident that they will be as pleased with his outstanding service as I was.

Sincerely yours,

Paul G. Walfish, C.M., M.D., F.R.C.P. (C), F.A.C.P., F.R.S.M.
