Bob Zinner

Dear Bob,

I wanted to personally thank you for the excellent presentation that you and the Medstaff Consultants provided for our cardiology residents. The feedback has been very positive. They especially appreciated the insights you provided on practical measures doctors can implement to ensure that their own new practices will be supported by access to tried and proven methods, expertise and experience.

Please convey my thanks to Gary Marcus for his tax planning advice and Jeff Finkelstein for his insightful market investment analysis.

We look forward to continuing to have such valuable information provided to our residents in future.

Respectfully,

Douglas A. Cameron, M.D. F.R.C.P. (C)
